

Real-Life Math for Struggling Mathematicians

Summer Camp 2010

Description: Math is a real-life concept and should be fascinating and understandable. If your child is struggling to grasp basic mathematical concepts, or lacking the necessary computational skills, this camp will provide practice and support. Interesting hands-on activities and innovative instructional practices will be provided to assure your child possesses the basic concepts needed to be successful in school math programs. We will practice basic facts, learn helpful tricks to tackle word problems, and work on improving computational and test taking skills. Appropriate math games will be included to challenge and stimulate the young minds. Our small group sizes allow us to individualize curriculum to each child's needs and provide personal attention to each student in a fun and loving educational setting.

Grades 1-6 Students will form small teams based on interest, age, and ability levels.

Tuition: \$540 for the 3-week camp; \$375 for the 2-week camp; For 1-week option please call us. Tuition is non-refundable; date changes are possible based on availability.

Registration: Registration is on a first come, first served basis. Please register early.

Dates: Session 1: 3-week camp May 31-June 18, 1:00 p.m.-4:00 p.m.
Session 2: 2-week camp June 28-July 9, 9:00 a.m.-12:00 p.m.

Combine the half-day Real Life Math for Struggling Mathematicians Camp with another camp for all-day camp. Please visit our website at <http://www.allaroundmath.com/schedule/> for complete camp listings. Tuition for all day weekly camps is \$375 per week.

Before/After Care available 7:00-8:30 a.m. / 5:00-6:00 p.m. Additional fee.
